Look at the dollar sign in a font to see if it has a single line or a double line going down through the "S." Some dollar signs have lines that don't cross the "S." Look at the uppercase "Q" to see whether the tail crosses into the circle, touches it or sits below it. If you're trying to create a specific tone in a website or document, such as old-fashioned or fancy, you can choose a font that evokes these tones with its stylistic details. You can identify a font in several ways. For example, when you want to enhance readability, you'll want to choose a simpler font. This can enable you to identify the font in question. Search for Fonts by Similarity If you know the font you want to identify is similar to another font, you can search for fonts by similarity. For example, fonts with serifs have spikes and slabs at the ends of their lines. Fonts can enhance documents or websites. Check to see if the center bar of the uppercase "P" touches the vertical line or crosses it. Fonts tend to have key features that place them into specific groups. Check the uppercase "G" to see what the foot looks like and whether it's pointing down or forward. Notice whether the number "4" is open or closed at the top. Note the point to which the uppercase "J" descends, whether it sits on the baseline or goes under it. You may wish to vary fonts depending on the purpose of the text. Fonts vary in their design, weight and point size. Find out if the uppercase "U" has a stem. Check the ampersand to see whether it looks traditional, closed, open or like an "Et" that's open or with a gap. Start by learning more about fonts and how to distinguish them. What is a Font? Put simply, a font is a stylized typeface. A specific font comprises letters, numbers and symbols that all feature the same defining graphical embellishments or style. If you've ever paid even a little attention to the appearance of typed letters, you're noticing various fonts. fa-sun-o fa-moon-o fa-female fa-male fa-archive fa-bug fa-glass fa-music fa-search fa-envelope-o fa-heart fa-star fa-star-o fa-user fa-film fa-th-large fa-th fa-th-list fa-check fa-times fa-search-plus fa-search-minus fa-power-off fa-signal fa-cog fa-trash-o fa-home fa-file-o fa-clock-o fa-road fa-download fa-arrow-circle-o-down fa-arrow-circle-o-up fa-long-arrow-left fa-long-arrow-right fa-long-arrow-up fa-long-arrow-down fa-angle-double-left fa-angle-double-right fa-angle-double-up fa-angle-double-down fa-angle-left fa-angle-right fa-angle-up fa-angle-down fa-caretdown fa-caret-up fa-caret-left fa-caret-right fa-sort-asc fa-sort-desc fa-columns fa-sort fa-envelope fa-undo fa-gavel fa-tachometer fa-comment fa-comment-o fa-comments fa-comments-o fa-bolt fa-sitemap fa-umbrella fa-clipboard fa-lightbulb-o fa-exchange fa-cloud-download fa-cloud-upload fa-user-md fa-stethoscope fa-suitcase fa-bell-o fa-coffee fa-cutlery fa-file-text-o fa-building-o fa-hospital-o fa-ambulance fa-medkit fa-fighter-jet fa-beer fa-h-square fa-plus-square fa-desktop fa-laptop fa-tablet fa-mobile fa-circle-o fa-quote-left fa-quote-right fa-spinner fa-circle fa-reply fa-folder fa-folder-open fa-folder-o fa-folder-open-o fa-smile-o fa-frown-o fa-meh-o fa-gamepad fa-keyboard-o fa-flag-o fa-flag-checkered fa-terminal fa-code fa-reply-all fa-mail-reply-all fa-star-half-o fa-location-arrow fa-crop fa-code-fork fa-chain-broken fa-question fa-info fa-exclamation fa-eraser fa-puzzle-piece fa-microphone fa-microphone-slash fa-shield fa-calendar-o fa-fire-extinguisher fa-rocket fa-maxcdn fa-chevron-circle-left fa-chevron-circle-right fa-chevron-circle-up fa-chevron-circle-down fa-html5 fa-css3 fa-anchor fa-unlock-alt fa-bullseye fa-ellipsis-h fa-ellipsis-v fa-rss-square fa-play-circle fa-ticket fa-minus-square fa-minus-square-o fa-level-up fa-level-down fa-check-square fa-check-square-o fa-external-link-square fa-share-square fa-share-square-o fa-caret-square-o-down fa-caret-square-o-up fa-caret-square-o-right fa-arrow-circle-o-right fa-arrow-circle-o-left fa-caret-square-o-left fa-dot-circle-o fa-plus-square-o fa-wheelchair fa-try fa-eur fa-gbp fa-usd fa-inr fa-jpy fa-rub fa-krw fa-bit fa-youtube fa-youtube-square fa-xing fa-xing-square fa-youtube-play fa-dropbox fa-stack-overflow fa-instagram fa-flickr fa-adn fa-bitbucket fa-bitbucket-square fa-apple fa-windows fa-android fa-linux fa-dribbble fa-skype fa-dribbble fa-trello fa-gittip fa-vk fa-weibo fa-renren fa-pagelines fa-stack-exchange fa-vimeo-square fa-tumblr-square fa-pinterest fa-pinterest-square fa-google-plus fa-google-plus-square fa-linkedin fa-linkedin-square fa-twitter fa-twitter-square fa-facebook fa-facebook-square fa-github fa-github-square fa-github-alt Notice whether the uppercase "M" has a center vertex that touches the baseline or is above the baseline. Code on github. Simply upload the image in either JPG or PNG format, agree to terms of service and click a button to have the identifier scan the image and choose a font that matches the appearance. Find the Designer or Publisher If you can find the designer or publisher of a font, you may be able to use a font identifier to figure out the specific font. You can then get a list of fonts that have similar styles, sizes and lines, such as "Dazzle," "Stripes" and "Radial." MORE FROM QUESTIONSANSWERED.NET Originally from here. Download and use locally. Different tones and applications demand different types of fonts to match or coordinate. Fonts without these spikes or slabs are known as sans-serif fonts. Check these features of a font to identify it. Different computer fonts have names, and you can identify them by their features. Enter the name of the designer or publisher into the search field and click "go." You'll get a list of fonts produced by the designer. For example, if you're looking for a font that's similar to "Boho a Gogo," enter this name into the search tool. Look at the lowercase "f" to see if it has upper and lower loops or an upper or lower only. Use a Free Font Identifier Take a screenshot or a picture of a font you like and upload it to a free font identifier online. All thanks go to Dave Gandy and crew.
